

EVALUATION/SUPERVISION

Certificated Personnel

The School Board believes that evaluations can provide important information relevant to employment decisions, can help staff improve their professional skills, can improve the effectiveness of instruction, and raise student achievement levels. In accordance with the district's certificated employee evaluation system, the Superintendent or designee shall evaluate certificated personnel annually, including teachers, administrators, and special service providers. The evaluation system shall evaluate whether the certificated employee is exemplary, proficient, basic, or unsatisfactory on applicable content standards and in overall performance. The district's certificated employee evaluation system will incorporate those procedures and mandates required by law.

The district shall provide annual in-service training to all certificated employees subject to the evaluation system. The training will assure inter-rater reliability and address the evaluation procedures, the standards used by the district in evaluating performance, and other information that may be helpful to a thorough understanding of the evaluation system.

A certificated employee has a right to timely comment on the evaluation and may not be retaliated against for doing so.

The certificated employee evaluation system will be periodically reviewed. The district will consider input from students, parents, community members, classroom teachers, affected collective bargaining units, and administrators. The district will make a copy of the evaluation instrument available to the public, including posting on the district's website. The posting will explain how the district has considered the input of these groups in the design of the evaluation system.
