Location:

**Board of Managers Meeting Room, 555 N. Carancahua Street, Room 950-A, Corpus
Christi, Texas 78401**

MEETING IN-PERSON AND VIA VIDEOCONFERENCE CALL

The Nueces County Hospital District ("NCHD") Board of Managers or a Committee thereof as specified above will hold a meeting on the date and at the time and location shown above. The agenda item(s) for this meeting are set forth on the accompanying page(s); agenda item(s) are not necessarily considered in the order listed.

On September 1, 2021, Governor Abbott rescinded the suspension of certain Rules of the Texas Open Meetings Act ("Act") which had allowed meetings to be conducted entirely virtually. The specified NCHD Board of Managers meeting will be held both in-person and via videoconference call. Public participation will be available in-person as well as via videoconference call as allowed under the Act. It is the intent that a quorum of the Board of Managers as required for the specified meeting will be physically present at the location posted in this meeting notice. It is also the intent that the Board member presiding over the meeting be physically present for the specified meeting at the location posted in this meeting notice. Any member of the Board of Managers participating by videoconference call shall be visible and audible to the public whenever the member is speaking; Board member participation by audio-only is no longer permitted. Although the meeting will be open to the public during the open portions of the meeting, any member of the public wishing to observe the meeting may do so via videoconference call and as well as participate via videoconference call in public comment, may do so through the videoconference call Zoom meeting link shown on this meeting notice below, as well as shown on NCHD's website.

The Texas Open Meetings Act defines a "videoconference call" as a communication conducted between two or more persons in which one or more of the participants communicate with the other participants through duplex audio and video signals transmitted over a telephone network, a data network, or the Internet. Zoom is an Internet-based communications platform that allows users to connect with duplex audio and video signals. Using Zoom requires an Internet connection and a supported device.

Meeting agendas and supporting materials are available via NCHD's BoardBook meeting management system at: <https://meetings.boardbook.org/Public/Organization/1886>.
