## **DETERMINATION OF RATING**

A.	Did the school district fail any of the critical indicators 1, 2, 3, or 4? If so, the school district's rating is <b>F for Substandard Achievement</b> regardless of points earned.				
В.	Determine the rating by the applicable number of points.				
	A = Superior Achievement	90-100			
	B = Above Standard Achievement	80-89			
	C = Meets Standard Achievement	70-79			
	F = Substandard Achievement	<70			

No Rating = A school district receiving territory that annexes with a school district ordered by the commissioner under TEC 13.054, or consolidation under Subchapter H, Chapter 41. No rating will be issued for the school district receiving territory until the third year after the annexation/consolidation.

The school district receives an **F** if it scores below the minimum passing score, if it failed any critical indicator 1, 2, 3, or 4, if the AFR or the data were not both complete, or if either the AFR or the data were not submitted on time for FIRST analysis.

## **CEILING INDICATORS**

Did the school district meet the criteria for any of the following **ceiling indicators** 4, 5, 6, 16, 17, 20, or 21? If so, the school district's applicable maximum points and rating are disclosed below. Please note, an F = Substandard Achievement Rating supersedes any rating earned as the result of the school district meeting the criteria of a ceiling indicator.
