Congratulations to all of these students and best of luck at the next level of competition.

Board Spotlight

At the Home of Champions, Ryan High School, keeping an athletic program at the highest level requires not only a talented team but extraordinary efforts of the support staff. Custodian Fritz Desir is key to the process. He goes to amazing lengths to keep the Football Fieldhouse spotless, which not only translates in to healthier athletes but pride in the program. To highlight his work and commitment to our students and staff, we are proud to feature him in this month's Board Spotlight.

UNT International Student Teachers

Dr. Ricardo González-Carriedo, Associate Professor of Bilingual and ESL Education at the University of North Texas, will introduce international student teachers who have served students on our campuses.
