

REVIEW OF THE CHARTER SCHOOL

BP 10070

Once approved by both the School Board and the State Board of Education, the charter school will be subject to an annual review of its operations and finances by the School Board. Annually, the charter school will submit a written report and make a presentation to the School Board and the public. This report will include information on the attainment of student performance expectations, meetings of the governing bodies of the charter school, descriptions of charter school activities, and other information of interest to the School Board.

If academic performance targets for student achievement are not reached by the identified timelines specified in the contract, the Academic Policy Committee must submit a Plan for Improvement, outlining activities for remediation, a process for monitoring the progress of the Plan, and a process for reporting progress of the Plan to the School Board.

If any allegations of noncompliance with the charter school contract are presented either during the annual review or at any other time, then the School Board, through the Superintendent or designee, shall investigate these allegations. Prior to terminating the charter school contract, the School Board and the charter school Academic Policy Committee shall attempt to remedy any violations of the contract. The School Board shall provide written notice to the charter school Academic Policy Committee of its intent to terminate the contract and the reasons therefore.

The Department of Education and Early Development may audit the charter school's program and may take any action necessary to ensure compliance with federal and state law, including the withholding of funding.
