

INTERROGATIONS AND QUESTIONS BY LAW ENFORCEMENT OFFICERS
[ISBA Code: 4425]

Police or other law enforcement officers may interrogate or question students in school buildings or on school grounds, in coordination with the School Resource Officer and with notification to the building principal, before conducting further investigation. The student's parent or guardian should be notified of the police interview of their child. The principal should work with the police officer to determine how and when notification to the parent or guardian is handled.
