## Lincoln School's very first All School Virtual-Holiday Sing Along; Covid Restriction Style!

We were able to do this sing along with Mrs. Tynan as a whole school while students remained in their own classrooms for a sing along in a google meeting format. We were also able to include our remote learners in this way as well.

Additionally, each year the teachers do a 12 days of Christmas routine for the students and this year they worked with Miss Hahnenkamp to create a video that was shared virtually after the Virtual Sing Along.

Then, they did a second version with a fun twist on the “12 Days of Christmas” “Covid Style”. I continue to be impressed by how flexible and creative the teachers have been in making adjustments to the restrictions we are under. Additionally, I am very proud of the way the staff at Lincoln Elementary have pulled together through a less than ideal time and this is just one example of how we have been able to put a little fun into these trying times.
