April 11 – Bond Advisory Committee Meeting – Administration – Walsh – 6:00 PM
April 18 – Regular Board Meeting – Administration – 7:00 PM

B. Charter School Resolution

As the Board and Administration has worked through a number of agenda items and decisions related to impact statements for charter schools, Administration has developed a belief that there doesn’t exist a charter school impact statement, given the current parameters of such schools, that benefits Aledo ISD in any way.

Given this belief, Administration will be posting all Charter School Impact Statement documents within the consent agenda going forward. It is important to provide the community with knowledge of these requests, but it is my belief there is no point in taking up the Board’s time with consideration of these items in the “Action Items” portion of the agenda when there is no known identifiable benefit to AISD by approving them.

There are two of these statements found at the Consent Agenda. Both are recommended for disapproval by Trustees.

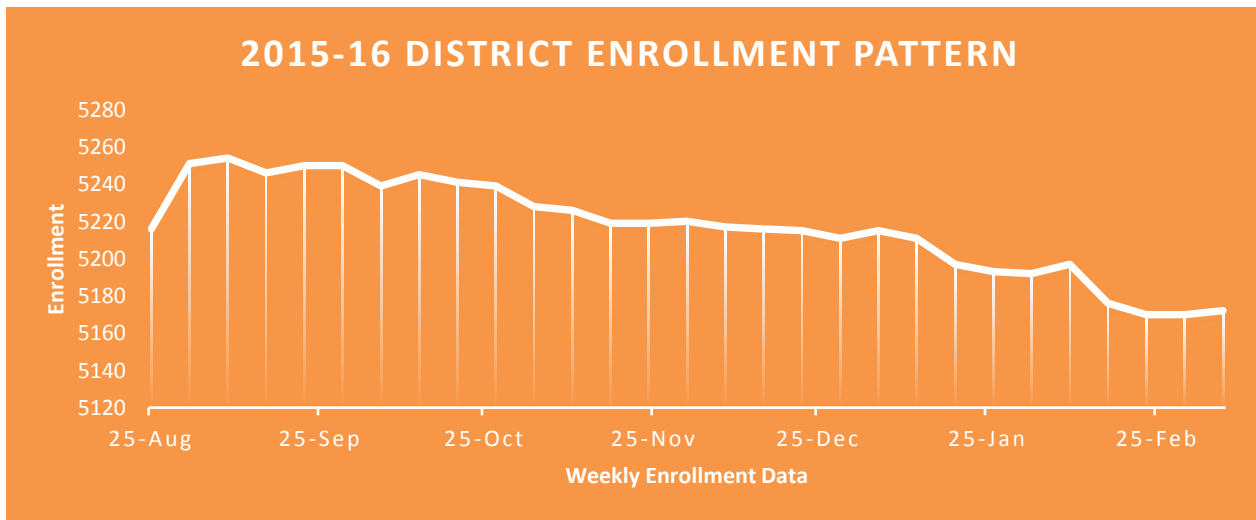

C. Student Art Work in Foyer

District art teachers have brought a number of art works from our students to present in the foyer of the Administration Building. Please take the time to admire the talents of these fine students.

D. Enrollment Update

Staff has followed a trend this year in which the enrollment of our District has slowly decreased from the peak enrollment experienced in the fall. A cursory review of the loss in enrollment is found mainly at the Daniel campus and AHS. Templeton Demographics has been requested to speak to this decline at the next scheduled demographic update in May/June.

The peak enrollment this year was on September 9th at 5251 students with a current enrollment of 5172 (as of 3-10-16). The anticipated enrollment was 5180.

E. Storm Damage Report

At this writing, an accounting is being made of the damages caused by the weather event of March 8th. There is known damage to an awning at Aledo HS and to two maintenance facilities along with materials stored at these facilities which was rendered unusable by rain.

It is very roughly estimated the losses will be in the vicinity of \$50,000.

A more complete report will be available to Trustees on the date of this meeting as this information becomes available.

F. Region XI Education Service Center Board of Directors Election

At each Trustees place there is found information related to the election of the Board of Directors of Region XI along with a blank ballot. Trustees are free to vote for the candidate of their choice and return the completed ballot to Donna Roe to return to the service center.
