

Native Foods

North Slope Borough School District Meal Service

Goals

- Work with community members/hunters to obtain enough tuttu to offer once or twice a month at lunch
- Must received tuttu in quarters, or roasts
- Watch a spring whale harvest process
- Create a Hazard Analysis Critical Control Plan (HACCP) from observation
- Needing to discuss with community the possibility of getting Whale Meat donated to school, enough whale to offer once or twice a month
- Wanting to offer native food items at least once a week through out the school year.
