

Present: Jamie Ongman, Robin Jackson, Nicole Underwood, Derrick Hawks, Shelly Davis, Mark Dwyer

Absent: Annie Norton

- **Departing Members**

- Council member Larry Smith's work schedule prohibits him from continuing participation in 2015 - 2016 IVHS Site Council.
- Recently updated bylaws state that an 'interim' council member will be selected by the council and elections will be held again the following year. It was suggested that the parent involvement form collected from the enrollment packets should be reviewed. The council was asked for recommendations from the list of names created from the Parent Involvement forms. The council decided to call Tonya Box 541-596-2988, Tana Parker 541-592-6070, and Lisa Richardson 542-761-8738. Robin will call each party to find someone to fill in on the council for the interim.

- **Student Site Council Members**

- Elections for student members were held within the ASB Leadership Team.
- Elected were Seth Kitchens and Skyla Patton

- **21st Century Program Goals -**

- Increase student participation numbers
- Increase parent/community numbers
  - Primary goal is to increase student, parent and community Involvement. This is our 3rd year of a 5 year grant and the last year of 100% funding. Funding then moves to 75% in the 4th year and 50% in the 5th. We have been approved to feed all those that stay after, even athletes. Current community partners are IRVAC/Sewing and Art, Healthy U/Yoga for football players. Football currently has a family dinner night and it is hoped that that will continue through Basketball. Tuesdays and Thursdays Homework Help House is offered and Thursday also offers a college prep class. A SAT test prep class may soon be added. Nicole will again promote these classes to here Senior Forum classes. A new community partner to the program is College Dreams, which will work on providing 'job shadow' opportunities and family building activities, with a 10 to 15

family maximum. A database of community partners to volunteer on 'senior boards' is being put together

- Ideas for increasing communication, therefore increasing involvement. Suggestions include: email, text, phone calls

- IndiStar - SIP Goals

- Standard - Community and Family Involvement

- Indicators

- FC 3.2 - Council will keep this indicator as it is
- FC 3.4 - To further communication and parent participation, council suggests to have Chromebooks set-up to assist parents in viewing ParentVue at upcoming conferences. Robin will also see that teachers have the information to assist parents.
- FC 3.5 - Addition of new volunteer program will add to parent involvement.

- Title One - **Topic tabled until next meeting.**

- Parent Compact -
- Parent Involvement - (develop, implement, inform)

- Aspire Grant -

- Teryea Sisty Coordinator - This is a state grant that sets up mentors to help students with the college entry process. We are building the program as we go.
- Goal is to pair students with community mentors.
- Mentors needed - council asked to spread the word to anyone interested in working with kids. Training provided.

- College and Career Advisor -

- Bruce Reece - Bruce will work closely with counseling, ASPIRE, and the career center to create a roadmap (plan) for every student to create a 'college going' culture. This plan will apply to any and hopefully every student who is going to a 4 year, 2 year, and/or trade school and include what it is they need to get to where they are going. (core classes and electives) In Oregon , all grad requirements are the same. A goal is to develop SST's (student study teams) including parents, teachers, and students to aide in this process. With this in place we hope to increase student achievement. We will begin creating these plans with the current Sophomore and Freshman classes. We also want to move toward student led conferences.

- Parent Teacher Conferences
  - November 18th and 19th
  - Last Falls attendance only 50% - Council offers ideas to increase attendance.
    - Incentives - Along with parent incentives already offered, council suggests offering a student incentive, such as Itune cards or Google Play cards
    - Marketing/publicizing - council reviews systems in place including, email, website, flyers, announcements, reader board, etc.
    - Attendance - hopes of increasing attendance by half again
- School Volunteers
  - New System - HelpCounter Volunteer Manager
    - Robin gave short overview of new system, the online sign-up process, background check expense covered by the district, and already having 7 volunteers signed up and approved. When we hear as to what areas the volunteers are interested in working in, Robin and or Heather will connect them with the teachers in that content area.
- Jamie adjourns meeting advising council that it is an Accreditation year for IV and the council will be called upon to assist with the process.

Next meeting 11/10/15

3:45 pm
