#### 2430 - **DISTRICT-SPONSORED CLUBS AND ACTIVITIES**

The Board believes that the goals and objectives of this District are best achieved by a diversity of learning experiences, including those that are not conducted in a regular classroom but are **directly** related to the District's curriculum and/or mission.

The purpose of District-sponsored curricular-related activities shall be to enable students to explore a wider range of individual interests that may be available in the District's courses of study but are still **directly** related to accomplishing the educational outcomes for students as adopted by the Board in Policy 2131. The Board encourages all students, including those students in elementary and middle school grades, to participate in such opportunities. In implementing this policy, the District Administrator shall take steps to make such opportunities accessible to all students.

For purposes of this policy, District-sponsored curricular-related activities are typically defined as those activities in which:

- A. the subject matter is actually taught or will be taught in a regularly offered course;
- B. the subject matter concerns the District's composite courses of study;
- C. participation is required for a particular course;
- D. participation results in academic credit.

**E. the subject matter is of interest to students and aligns with the District's goals and mission.**

No **curricular-related** activity shall be considered to be under the sponsorship of this Board unless it meets one or more of the criteria stated above and has been approved by the District Administrator.

Such activities, along with competitive extra-curricular activities /athletics (not directly related to courses of study), may be conducted on or off school premises by clubs, associations, and organizations of students sponsored by the Board and directed by a staff advisor.

Students shall be fully informed of the curricular-related activities available to them and of the eligibility standards established for participation in these activities. District-sponsored activities shall be available to all students who elect to participate and who meet eligibility standards.

The District Administrator shall prepare administrative guidelines to implement a program of **curricular-related** clubs and activities. Such guidelines should ensure that the needs and interests of the students are properly assessed and procedures are established for continuing evaluation of each club and activity.

Whenever a student becomes a member of a District-established student group or national organization such as the National Honor Society, in order to remain a member, s/he must continue to meet all of the eligibility criteria and abide by the principles and
