5. BHS Homecoming- all homecoming activities went well. The 9th-12th student council helped ensure that things were planned out ahead of time, allowing time to work on hallways and floats. The student council did a great job with holding grade level meetings way ahead of time so this year it was not rushed. The week was very smooth and successful, TEAMWORK played a vital role in ensuring this could happen.
6. Attendance Committee is established- September Attendance incentives will be given this week.
7. Area of focus: still trying to get a grasp on vandalism in the high school. We are waiting on parts to fix the other bathrooms and before they are opened, we will have a plan on how to monitor with staff help to ensure we can hold students accountable.
8. Student attendance and work completion is going well. I see student engagement and we hear great feedback from teachers on student's trying and feeling successful!!
