

Important Disclaimer

This Levy Calculation Form is a worksheet that allows the District to calculate and analyze the available levy and extension amounts and is prepared for informational purposes only. Reasonable efforts and generally accepted methods of calculation have been incorporated into the spreadsheets. However, PMA Financial Network, LLC takes no responsibility for the accuracy of the output and it is highly recommended that users verify calculations independently. The data input, projections, and assumptions provided in this form are based on the information provided by the District. PMA will not verify the accuracy of the data provided by the District and is not responsible for any inaccuracies or incompleteness that appears in the data provided in this form.

Furthermore, the Levy Calculation Form includes a copy of the Illinois State Board of Education Certificate of Tax Levy which is approved for use in 2006. PMA believes this Levy Calculation Form to be current, but the District should verify that with the Illinois State Board of Education.

PMA Levy Worksheet

Instructions

Please note that you need to start on the "Input" worksheet and then go to the "Calculations" worksheet and then finally print the "Certificate of Tax Levy and the Explanation" worksheet at the end.

INPUT worksheet

Start on this worksheet. Enter the information requested in the green boxes. The majority of the information can be found on your most recent tax extension from your county clerk(s). You will need to estimate your current EAV and new construction value (if you are tax capped). Make sure the totals at the bottom of the "Input" worksheet equal your most recent tax extension.

CALCULATIONS worksheet

You only have access to enter information in the green boxes. Use the Levy Amount \$ and/or Levy Increase % Input columns to adjust your levy, if needed. Typically, you would enter a number that is larger than the estimated extension column to make sure you capture all available funds. Any number entered in either of these columns will override and/or increase the estimated extension column.

Non-tax capped districts must enter a levy value for the Municipal Retirement, Social Security, and Tort funds in the Levy Amount \$ column.

Enter a dollar amount to be levied for SEDOL (Lake County only) and Bond & Interest in the appropriate box.

The Levy Amount column on the far right is what will carry over to the Certificate of Tax Levy worksheet.

If Capped, review the box labeled Levy Amount Below/Above Estimated Extension. This is your "cushion". This number should not be negative. If Non-Capped, all levy amounts should exceed estimated maximum extension.

Use the percentages at the bottom right for your truth in taxation notice, if applicable.

TAX CALCULATOR - Calculations

You only have access to enter information in the green boxes. This calculator is based off the data in the "Calculations" worksheet.

The calculator allows for debt service abatement scenarios to offset the operating increase. The worksheet will highlight if the abatement amount exceeds the actual debt service levy.

The calculator assumes the example home value increases by the overall reassessment rate. Variations in residential re-assessments, and between property classifications will cause an individual home's value to vary from the computed estimate.

EXTENSIONS worksheet

You only have access to enter information in the green boxes. If applicable, input the County Loss %.

For “what-if” scenario analysis, please input a percentage change in Existing EAV and a New Property amount to sensitivity test the proposed levy for variations in EAV assumptions. The “Extensions” worksheet will highlight in pink if you should consider changing the inputs on the “Calculations” worksheet to possibly prevent an under levy outcome.

When the actual data is received in the spring, insert the actual percentage change in EAV and the actual new property. If permitted by the county(ies), you may use cells L18-L28 to reallocate the extension between funds so long as the adjusted amounts do not exceed the levy for the fund.

Insert the actual Bond and Interest extension into cell I35 and the actual SEDOL extension (Lake County only) into cell I33.

TAX CALCULATOR - Extensions

You only have access to enter information in the green boxes. This calculator is based off the data in the “Extensions” worksheet.

This calculator allows the user to estimate the taxpayer impact for what-if scenarios for variations in EAV assumptions, and also the estimated impact based on the final extension information.

For “what-if” taxpayer impact calculations, insert the B&I levy (without loss cost or abatement) into cell I35 and the SEDOL levy (Lake County only) into cell I33 into the “Extensions” worksheet.

Note, once the actual Bond & Interest extension is known and input on the "Extension" tab in cell I35, no input is needed for the Loss Cost and Abatement cells.

The calculator assumes the example home value increases by the overall reassessment rate. Variations in residential re-assessments, and between property classifications will cause an individual home’s value to vary from the computed estimate.

Certificate of Tax Levy worksheet

Print this page. All data on this worksheet comes from the “Input” or “Calculations” worksheets.

Enter the day and month in cells B45 and D45.

- III. The property taxes extended for debt services and public building commission leases for 2023 were
\$ 910,866

The estimated property taxes to be levied for debt service and public building commission leases for 2024 are
\$ 910,000

- IV. The total property taxes extended or abated for 2023 were
\$ 6,095,348

The estimated total property taxes to be levied for 2024 are
\$ 6,567,991 . This represents a 7.75% increase over the previous year

EXPLANATION

The school board of any school district having a population of less than 500,000 inhabitants may levy a tax for general purposes, upon all the taxable property of the district at the value, as equalized or assessed by the Department of Revenue (Section 17-2 of the School Code).

The school board of any school district having a population of less than 500,000 inhabitants may levy a tax for general and maintenance purposes, upon all the taxable property of the district at the value, as equalized or assessed by the Department of Revenue (Section 17-2 of the School Code).

The school board of any school district having a population of less than 500,000 inhabitants may levy a tax for transportation purposes, upon all the taxable property of the district at the value, as equalized or assessed by the Department of Revenue (Section 17-2 of the School Code).

The school board of any school district having a population of less than 500,000 inhabitants may levy a tax for Cash Fund Tax upon all the taxable property of the district, annually (Section 20-3 of the School Code).

The school board of any school district may levy a tax for municipal retirement purposes in a sum sufficient to pay the contributions required of the school district by including the amount to be levied for such purposes in the amount of other school taxes, or such district may file with the county clerk a separate certificate or resolution setting forth the amount to be levied for such purpose (40 ILCS 5/7-171).

The school board of any school district may levy a tax for social security (includes Medicare only) purposes in a sum sufficient to provide all the contributions required of the school district by including the amount to be levied for such purpose in the amount of other school taxes, or such district may file with the county clerk a separate certificate or resolution setting forth the amount to be levied for such purpose (40 ILCS 5/21-110, 21-110.1).

The school board of any school district having a population of less than 500,000 inhabitants may levy a tax upon all the taxable property of the district at the value as equalized or assessed by the Department of Revenue for the purposes of alterations, and reconstruction for fire prevention, safety, energy conservation, disabled accessibility, and repair purposes upon meeting certain statutory conditions (Section 17-2.11 of the School Code).

The school board of any school district may levy a tax upon all the taxable property within the district in a sum sufficient to pay the costs of purchasing such insurance or sufficient to pay any tort judgment, settlement, or damages upon it under the Local Government and Governmental Employees Tort Immunity Act including liability insurance, Workers' Compensation Act, Occupational Diseases Act, or the Unemployment Insurance Act 745 ILCS 10/9-10 of the School Code).

The school board of any school district may levy, with voter approval, a tax upon the full, fair cash value of all the taxable property of the district as equalized or assessed by the Department of Revenue within the district for a capital improvement fund (which levy is in addition to any other tax levied upon such fund is to be levied, accumulated, and spent only in accordance with Section 17-2.3 of the School Code).

The school board of any school district having a population of less than 500,000 inhabitants, by proposition, may levy an annual tax upon the full, fair cash value as equalized or assessed by the Department of Revenue for special purposes including the purposes authorized by Section 10-22.31b and Section 17-2.2a of the School Code.

The school board of any school district having a population of less than 500,000 inhabitants, with voter approval, may levy an annual tax, for summer school purposes, upon all the taxable property of the district at the value, as equalized or assessed by the Department of Revenue (Section 17-2.1 of the School Code).

The school board of any school district having a population of less than 500,000 inhabitants may, by proposition, levy an annual tax upon the value as equalized or assessed by the Department of Revenue for a period of not more than five years for vocational education building purposes including the purposes authorized by Section 10-22.31b of the School Code, if that there are not sufficient funds available in the operations and maintenance fund of the district to pay for such purposes, or not be levied without the prior approval of the State Superintendent of Education and prior approval by proposition upon the proposition at a general or special election (Section 17-2.4 of the School Code).

upon the proposition and general or special election (Section 17-2.2c of the Illinois Code).

The school board of any school district having a population of less than 500,000 inhabitants may levy 0.05% upon the taxable property, as equalized or assessed by the Department of Revenue, for the purchase of facilities or computer technology or both, and for temporary relocation expense (Section 17-2.2c of the Illinois Code).

The school board of any school district, upon determining that a surplus of funds is available, shall adopt a resolution or ordinance reducing the tax levy of such district for the year for which the resolution or ordinance is adopted. The county clerk shall abate the levy in accordance with the provision of the ordinance (35 ILCS 200/18-55).

The Truth in Taxation Law affects all units of local government, school districts, and community colleges who are authorized to levy property taxes. For the requirements of the law, refer to 35 ILCS 200/18-55.
