

Fall Conferences

Fall Conferences were held Oct. 13th and 14th. There were 251 parent contacts with teachers. That compares to 271 last year and 253 the previous year. This is less than a 10 percent attendance rate.

LEEA/Support Staff Award:

Each fall our district is able to nominate staff for the LEEA award. This is for licensed Staff, from the HS Michelle Hartman was selected. We are also select ESS (Educational Support Staff) this year we are honoring Bennett Lerud and Corri Gross.

Food Drive:

The MHS again held their annual Halloween Food Drive. Through the generous donations of our community they were able to collect 2500 pounds of food. That is up slightly from the previous year. Thank You to these students and parents who help and to our community for donating.

Veterans Day Program:

On Nov. 11th we held our Veterans Day Program. This is held every other year on or near Veterans Day. We invite the Veterans and community into the building. The music that the band and choirs provided was outstanding, I received many compliments on the behavior of our students as well. We had around 60 community members attend this event.

Testing update:

On Dec. 9th we will be giving the PreAct to our 10th grade students. This is an opportunity for our students and staff to see how prepared they are for the ACT test they will take as juniors. We had the ASVAB scheduled here but due to the Gov't shutdown they were unable to administer that test. We will work to reschedule at a later date.
