Learning Center

We are currently utilizing our cafeteria for the Learning Center when we do not have substitutes for classes. This is our best solution given the circumstances with no subs, isolation/quarantine leave, sick leave, SR leave and just personal business. While in the Learning Center students work on their Google Classroom homework and are monitored in a calm environment. Students know and follow the expectations.

Cultural Field Trips & Native American Day

Each grade level planned a cultural fieldtrip the week of September 20-24, and one for September 21, 2021. We appreciate all those that made this week happen: Transportation, Food Service,

consultants, teachers, support staff and BPS Admin for allowing us to be out learning about our culture.

Seniors: Buffalo Jump Two Medicine and Smith Ranch

Junior: Smith Ranch and Tipi Rings-Elk Island Buffalo Herd, Badger Two Medicine

Sophomores: Harvesting Medicinal Plants (Looking Glass, Babb, St. Mary)

Freshmen: AMS Ranch, Hike to the Badlands

Oh'Kiitopii (To Ride) Club: Traditional Games. <https://youtu.be/-gD7MzJllvA>

No Red Ink Implementation

All advisory classes are introducing the curriculum of No Red Ink in Advisory class that will work on basic skills and commonly misspelled words. Training was given to all teachers. The goal is for students to over practice these skills so they become regular habit.

We encourage you to see and acknowledge the positives we have going on here at BHS!
