End of Year Staff Connection & Celebrations

The final day staff was present, May 5, 2023, we held an entire Staff Zoom to celebrate those with us and continuing to stay with us, Celebrations of our schools and communities, and to say cya later to those moving on. We had 33 zoom picture boxes on at one point, and the hour together was so tank filling and mostly dry eyed.

Courses	Total
Reading	184
Writing	192
Math	191
Science	156
Social Studies	220
Technology	133
Cultural Awareness	142
Employability	136
Experience Out	11
BBRCTE	49
Total Passed	1414

Courses Breakdown

Ms. Cassie Broschious provided staff with an overview of the total levels in each subject area for the 2022-2023 school year! Staff spoke of the social emotional gains students made, the celebrations at each school site and share great memories wishing those leaving a heartfelt cya later.

Small Schools Update

I spoke to nearly each parent of students intending to enroll at *Levelock School* Fall 2022-2023. They are aware that we intend to open the school Fall 2023 through count in October then evaluate the enrollment to determine if the school will remain open for the duration of the year. I intend to visit Levelock School in Fall 2023 prior to count. We do not anticipate enough students to be present in the communities of *Pilot Point* or *Chignik Bay* before the first day of school.
