MEMORANDUM

**TO: Weber District Board of Education and
Superintendent Gina Butters**

FROM: Rob Lake

DATE: August 21, 2025

SUBJECT: 2026-2027 School Calendar

The WSD Calendar Committee met recently to consider several possible calendar options for the 2026-2027 school year. School Administration, district administration, parents, PTSA, WEA, classified employees and teachers were included and allowed to give input at that meeting.

Additionally, 2 final calendar choices were sent to the schools and employee groups to allow them to obtain input on the local level. We had over 1,100 votes reported back to us and 58% of employees voted for calendar option #2.

Based on that input, the committee would like to recommend to the Board the 2026-2027 calendar Option #2 for consideration and approval on a first reading.

Professionally,

Rob Lake
Asst. Dir. of Secondary Education
