PROPOSAL FOR TELE-MENTAL HEALTH SERVICES FOR THE BROWNING SCHOOL DISTRICT

Purpose: An inexpensive and convenient way to continue to provide quality mental health services to students, faculty, and the community.

Services:

- Provide confidential, quality, and accessible mental health services via telehealth for up to twenty clients per month.
- Provide an opportunity for families to participate in their child's therapy via Family Counseling.
- Partner with school personnel to address specific student concerns, i.e., trauma, behavior, etc.
- I will continue seeing clients during vacations. If they cannot make the appointments during the vacation period, I would "check in" in a confidential manner that best fits the clients. This includes the summer months.
- Provide mental health services to district employees.

Expenses I am responsible for:

- Provided at my cost, my Professional Liability insurance.
- Provided at my cost, my own Tribal Business License.
- Provide at my cost, my own State Business License.
- Provided at my cost, my yearly renewal of my two professional licenses.
- Provided at my cost, Subscription to Simple Practice, an online service that provides confidential scheduling, client portal, confidential tele-mental health, and third-party billing.

Compensation: The cost for the district will be \$ 2,000.00 per month for twelve months, to be renegotiated at the end of the fiscal year. The parties recognize this salary, covers one week of telehealth for five clients a week up to twenty clients a month. I will bill additional clients via a third party; e.g. Medicaid or private insurance.

Being part of the school district and community for over 26 years has been my honor. I look forward to continuing our partnership, as we work together to positively impact the lives of our students, school, and community.
