Background Information:

HB3 requires the school board to annually adopt goals related to Math, Literacy, and CCMR. The superintendent and his staff are then tasked with creating a set of Goal Progress Measures (GPMs) that can be used to monitor progress. Periodically, the administration will present data from these benchmarks as per the Board Monitoring Calendar.

As part of Lone Star Governance, the board of trustees will acknowledge the superintendent has completed this task through the consent agenda.

Fiscal Implications:

None

Administrative Recommendation:

The administration recommends the board approve the Goal Progress Measures as presented.

Motion Language:

I move that the board adopt the Goal Progress Measures (GPMs) for Math, Literacy, and College, Career, and Military Readiness for the 23-24 school year as presented by administration.
