

## **Girls BBALL**

We're really excited for the upcoming girls' basketball season. Last year, we finished 4th in the district, and this year's team is looking to build on that. We have a young group, but they're working hard, learning quickly, and are really hungry to win. Turnout has been great, and the energy in the gym has been awesome. We're expecting a fun, competitive season and can't wait to see how this group grows.

## **HS/JH Football**
