

Construction

Assembling and Preserving Documents

The Town Permanent Building Committee, upon completion of the project, shall provide a complete set of plans, specifications, records, drawings, maintenance requirements and warranties to the Board of Selectmen.

Plans, specifications, warranties, and other documents which will be important in the operation of the facility shall be shared with the Board of Education upon completion of the project and shall be catalogued and permanently stored by the Director of Buildings and Grounds for future reference.
