Dr. Jeremy Thompson, Deputy Superintendent  
Denton Independent School District  
1307 North Locust  
Denton, Texas 76201

RE: Property Tax Attorney Activity Report for Tax Year 2023-2024

Dear Members of the Board, Superintendent O'Bara and Dr. Thompson:

Every year at this time Sawko & Burroughs, P.C. submits an annual summary of our collection activities and outcomes for the District. The tax year for 2023-2024 ended on September 30, 2024, and our report encompasses the preceding 12 months of collection activities. We have enclosed detailed year-to-date reports from our system as well as the Denton County Tax Office. These reports provide updates for collection activity and outstanding accounts as of September 30, 2024.

The reports show that DISD, for the thirteenth year running, had its current year delinquent tax (2023) collection rate exceed 99%, at **99.61%**. This is a fantastic rate for current collections. In that regard, out of an original levy of \$364,014,819.22 there remains only \$1,299,155.41 to collect for the current year. Even though the 2023 taxes for the most part were only recently turned over to us, well over half have already been subject to legal action (beyond mere notices of non-payment) and are now under payout agreements or are under hold or deferred status.

Additionally, our firm aggressively collects prior year's delinquent taxes. In comparison on October 1, 2023 (our last report) there was \$5,284,484.42 in total delinquent accounts for 2022 and prior years; and one year later (this report) the delinquency amount shrank 33.53% to \$3,512,681.33. While this is an excellent rate of collections on prior outstanding delinquencies, the district must consider that taxpayers continue to take advantage of the "over-65 deferral/abatement" provided for taxpayer relief, comprising 19.2% (\$675,606.35) of the entire pre-2023 delinquency roll and other exempt or delayed status. Reduced interest and no penalties are assessed on accounts with a tax deferral or exemption, and deferrals can extend indefinitely. Also, tax accounts added or modified by the Denton Central Appraisal District resulting in a new, later delinquency date are not subject to collections activity until statutory grace periods pass. These accounts comprise another 17.73% (\$623,118.98) of the entire delinquency roll. In each of these instances, the taxes involved appear in the reports as "delinquent"

The Board of Trustees  
Dr. Susannah Holbert O'Bara, Superintendent  
Dr. Jeremy Thompson, Deputy Superintendent  
Page Two  
October 22, 2024

but in fact, are technically not able to be collected by the firm. In addition to the deferrals, abatements and different delinquency date accounts, other categories of temporarily or permanently uncollectable accounts include the loss of taxable personal property of vacated businesses, mobile homes that have been removed and can't be located, and bankruptcies. Adding these uncollectable and bankruptcy accounts (which total another \$119,997.87) to the abatements and different delinquency date accounts comes up to a total of **\$1,418,723** of the total \$3,512,681.33 due. This means that 40.3% of the entire 2022 and prior delinquency roll for DISD cannot be actively enforced for collection.

Further for your convenience, enclosed is our "TWENTY-NINE YEAR COLLECTION HISTORY" (which includes several years when Sawko & Burroughs, P.C. did not represent the District), to provide a historical context to this past year's collections totals compared with previous collection years. We have and will continue to aggressively pursue all accounts given to us that can be legally collected and believe that our collection rates are superior to any other collection law firm in the state.

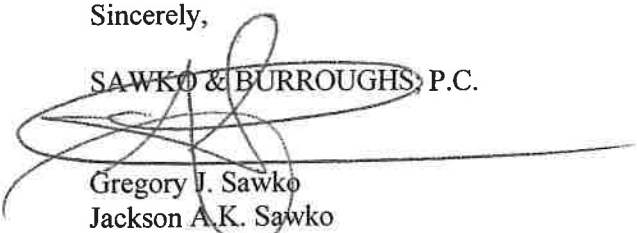

Also, you may notice that there are larger than normal refunds. Refunds and adjustments can result from court filings successfully determined to lower appraised values; or legislative changes that were enacted; or appraisal appeals resulting in lowering the value of the appraisal. This year the total in adjustments and refunds totals \$28,360,337.76. Adjustments are not added to the delinquency roll but impact how much the district has available to allocate during the year.

I want to restate how proud we are at Sawko & Burroughs, P.C. to represent **Denton Independent School District** during the past twenty-nine years. Our firm, based in Denton, Texas, is one of only two dozen or so law firms statewide that perform property tax collections enforcement services in-house, and the only one that's local in Denton County. We have had the true privilege of doing so for the **Denton Independent School District** as our longest-term property tax client!

Finally, I am available to you at all times. My direct number is 940-222-8893 and I am happy to discuss any matter that impacts the City, tax collections and the taxpayers. Nothing is more important to our firm than having the respect and responsibility of helping our DISD as its tax collection attorneys.

Sincerely,

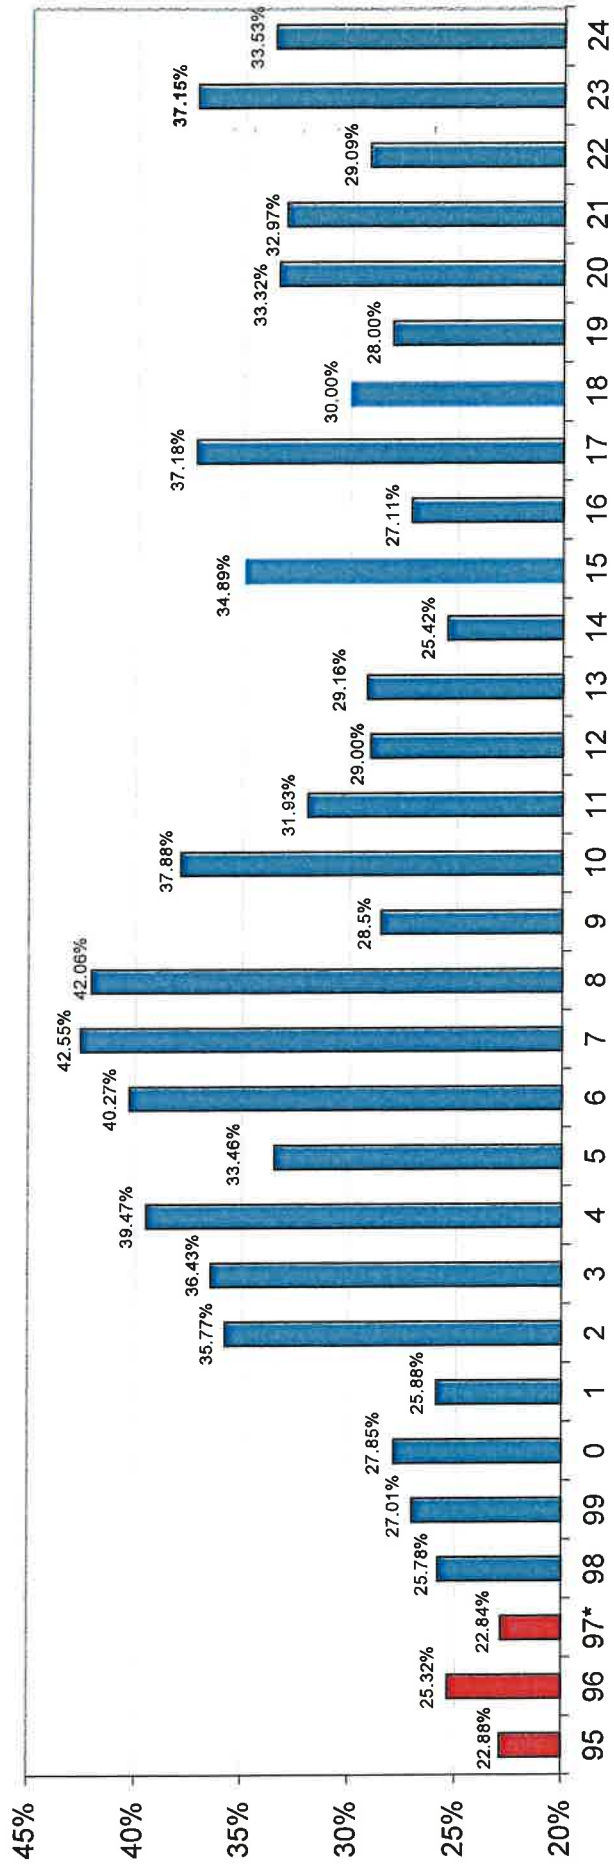

SAWKO & BURROUGHS, P.C.

Gregory J. Sawko
