Mariana Brindis

Riverside Jr\Sr High School

Good evening my name is Mariana and I am currently a junior at Riverside Jr Sr High School. I am writing this letter so that I can tell my reasons for graduating early. One of my biggest reasons is to be able to find a job after I graduate so that I can save money and move into my own apartment and get my own things. I have to support myself and pay for my own things right now.

Right now my biggest plan is to continue my studies after I get my own place and be able to support myself financially. After I graduate I will wait until 2026 to begin my studies in cosmetology. It is the career that has interested me since I knew I could graduate this year. Another reason why I want to graduate this year is that I would like to focus on work for a while so that I can support my siblings during the time they have left in school, I know that I may not be able to support them, but at least if at some point they need help with outings wherever the sports games are, I will be able to support them financially.

These are my main reasons for graduating this year, but I absolutely want to continue studying in the future, and I know I can do it because it is a goal I set out to achieve. I know that in order to achieve this I need to maintain my grades and pass all my classes, as well as finish and submit documents that will be important after I graduate. I have worked really hard to be able to stay on track and am proud to say that I am currently on track to graduate in the spring of 2025. I hope you can approve of me and help me achieve this goal.
