

Parkrose School District 3

Code: EBBCC

Adopted:

AUTOMATIC EXTERNAL DEFIBRILLATOR (AED)

As the district has made an automatic external defibrillator (AED) available for emergencies, the following conditions must be met prior to its use:

1. Any person using the AED must possess a current CPR/AED card and have received instruction in the use of the AED and successfully completed a course in cardiopulmonary resuscitation (CPR) in a course approved by the American Red Cross, the American Heart Association, or other nationally recognized trainer.
2. The district must train a sufficient number of employees in the use of the AED so that at least one trained employee may be reasonably expected to be present during school hours. Names of the designated employees will be on file at each building equipped with an AED.
3. Any person using the AED on another person must call 9-1-1 or such other emergency phone number serving the area immediately prior to using the AED and must follow all emergency procedure protocol as outlined in the training and adopted by the district.
4. The AED, its battery and its electrodes must be maintained, inspected and serviced as recommended by the manufacturer by an individual(s) that has been properly trained in the maintenance and use of the AED and has been designated to do so by the district. The maintenance and testing information shall be kept in a dated log to be stored with the equipment along with the signature of the individual(s) responsible for its upkeep and noted in the schools' safety committee minutes. Details of the program operations will be located and updated in the District's Comprehensive Safety Plan.
5. The AED must be stored in a location from which the AED can be quickly retrieved. The presence and location of each AED must be clearly indicated.
6. Maintenance use and storage of the defibrillator will be in compliance with any applicable state and/or federal laws.
