

Additions/Changes in 2011-2012 Handbook

PAGE 13- Included in TASB model.

Requesting Limited or No Contact with a Student through Electronic Media

Teachers and other approved employees are permitted by the district to communicate with students through the use of electronic media within the scope of the individual's professional responsibilities. For example, a teacher may set up a social networking page for his or her class that has information related to class work, homework, and tests. As a parent, you are welcome to join or become a member of such a page.

An employee described above may also contact a student individually through electronic media to communicate about items such as homework or upcoming tests.

If you prefer that your child not receive any one-to-one electronic communications from a district employee, please submit a written request to the campus principal stating this preference.

PAGE 15- Included in TASB model

Request for the Use of a Service Animal

A parent of a student who uses a service animal because of the student's disability must submit a request in writing to the principal at least ten district business days before bringing the service animal on campus.

PAGE 15- Included in TASB model

Parents of Students who speak a Primary Language Other than English

A student may be eligible to receive specialized support if his or her primary language is not English, and the student has difficulty performing ordinary class work in English. If the student qualifies for these extra services, the Language Proficiency Assessment Committee (LPAC) will determine the types of services the student needs, including accommodations or modifications related to classroom instruction, local assessments, and state-mandated assessments.

PAGE 20- Included in TASB model

If the student is age 18 or older, the student's parents will not be subject to penalties as a result of their child's violation of state compulsory attendance law. [See policy FEA(LEGAL).]

PAGE 20- Included in TASB model

Bullying could include hazing, threats, taunting, teasing, assault, demands for money, confinement, destruction of property, theft of valued possessions, name-calling, rumor-spreading, and ostracism. In some cases, bullying can occur through electronic methods, called "cyberbullying." If a student believes that he or she has experienced bullying, it is important for the student or parent to notify a teacher, counselor, principal, or another

district employee. The administration will investigate any allegations of bullying and will take appropriate disciplinary action if an investigation indicates that bullying has occurred.

Page 29- Under- Class Rank High School

The Highest Ranking Graduate Award given by the state of Texas goes to the highest ranking student in the class which may or may not be the valedictorian of the class as explained above.

(TX VSN dual credit courses will not be weighted for ranking purposes, unless it is a class offered by BISD.)

(Removed)

1. (If Band is used by the student to meet the Fine Arts credit requirement, the first two semesters of Band taken in grades 9 - 12 will be used as a Fine Arts credit to determine GPA.)

Page 30 Under Class Rank / Pass/Fail Option

Taking a course P/F could impact your GPA either positively or negatively.

Page 30-

COLLEGE AND UNIVERSITY ADMISSIONS

For two school years following his or her graduation, a district student who graduates in the top ten percent and, in some cases, the top 25 percent, of his or her class is eligible for automatic admission into four-year public universities and colleges in Texas if the student:

- Completes the Recommended or Advanced/Distinguished Achievement Program; or
- Satisfies the ACT College Readiness Benchmarks or earns at least a 1500 out of 2400 on the SAT.

In addition, the student must submit a completed application for admission in accordance with the deadline established by the college or university.

The University of Texas at Austin may limit the number of students automatically admitted to 75 percent of the University's enrollment capacity for incoming resident freshmen. For students who are eligible to enroll in the University of Texas at Austin during the summer or fall 2012 term, the University will be admitting the top nine percent of the high school's graduating class who meet the above requirements. Additional applicants will be considered by the University through an independent review process. Should a college or university adopt an admissions policy that automatically accepts the top 25 percent of a graduating class, the provisions above will also apply to a student ranked in the top 25 percent of his or her class.

Students and parents should contact the counselor or for further information about automatic admissions, the application process, and deadlines.

[See also **Class Rank/Highest Ranking Student** on page 29 for information specifically related to how the district calculates a student's rank in class].

Page 41- Added in TASB model

If a student wishes to enroll in a correspondence course or a distance learning course that is not provided through the TxVSN in order to earn credit in a course or subject, the student must receive permission from the principal prior to enrolling in the course or subject. If the student does not receive prior approval, the district will not recognize and apply the course or subject toward graduation requirements or subject mastery.

Page 45

ELECTRONIC DEVICES AND TECHNOLOGY RESOURCES

Possession and Use of Personal Telecommunications Devices, Including Mobile Telephones

For safety purposes, the district permits students to possess personal mobile telephones; however, these devices must remain turned off during the instructional day, including during all testing, unless they are being used for approved instructional purposes. A student must have approval to possess other telecommunications devices such as netbooks, laptops, tablets, or other portable computers.

The use of mobile telephones or any device capable of capturing images is strictly prohibited in locker rooms or restroom areas while at school or at a school-related or school-sponsored event.

If a student uses a telecommunications device without authorization during the school day, the device will be confiscated. The parent may pick up the confiscated telecommunications device from the principal's office for a fee of \$15.

Confiscated telecommunications devices that are not retrieved by the student or the student's parents will be disposed of after the notice required by law. [See policy FNCE.]

In limited circumstances and in accordance with law, a student's personal telecommunications device may be searched by authorized personnel. [See **Searches** on page 70 and policy FNF.]

Any disciplinary action will be in accordance with the Student Code of Conduct. The district will not be responsible for damaged, lost, or stolen telecommunications devices.

Possession and Use of Other Personal Electronic Devices

Except as described below, students are not permitted to possess or use personal electronic devices such as MP3 players, video or audio recorders, DVD players, cameras, games, e-readers, or other electronic devices at school, unless prior permission has been obtained. Without such permission, teachers will collect the items and turn them in to the principal's office. The principal will determine whether to return items to students at the end of the day or to contact parents to pick up the items.

In limited circumstances and in accordance with law, a student's personal electronic device may be searched by authorized personnel. [See **Searches** on page 70 and policy FNF.]

Any disciplinary action will be in accordance with the Student Code of Conduct. The district will not be responsible for any damaged, lost, or stolen electronic device.

Instructional Use of Personal Telecommunications and Other Electronic Devices

In some cases, students may find it beneficial or might be encouraged to use personal telecommunications or other personal electronic devices for instructional purposes while on campus. Students must obtain prior approval before using personal telecommunications or other personal electronic devices for instructional use. Students must also sign a user agreement that contains applicable rules for use (separate from this handbook). When students are not using the devices for approved instructional purposes, all devices must be turned off during the instructional day. Violations of the user agreement may result in withdrawal of privileges and other disciplinary action.

Acceptable Use of District Technology Resources

To prepare students for an increasingly technological society, the district has made an investment in the use of district-owned technology resources for instructional purposes; specific resources may be issued individually to students. Use of these technological resources, which include the district's network systems and use of district equipment, is restricted to approved purposes only. Students and parents will be asked to sign a user agreement (separate from this handbook) regarding use of these district resources. Violations of the user agreement may result in withdrawal of privileges and other disciplinary action.

Unacceptable and Inappropriate Use of Technology Resources

Students are prohibited from sending, posting, accessing, or displaying electronic messages that are abusive, obscene, sexually oriented, threatening, harassing, damaging to another's reputation, or illegal. This prohibition applies to conduct off school property, whether the equipment used to send such messages is district-owned or personally owned, if it results in a substantial disruption to the educational environment. Any person taking, disseminating, transferring, or sharing obscene, sexually oriented, lewd, or otherwise illegal images or other content, commonly referred to as "sexting," will be disciplined according to the Student Code of Conduct and may, in certain circumstances, be reported to law enforcement.

PAGE 48-

Meals – Brackett ISD will no longer provide meals to students who are participating in extracurricular activities. Exceptions may be made when students leave before lunch. Exceptions may also be made when a student advances beyond district level competition.

Page 49- From TASB Model

Requirements for a Diploma

To receive a high school diploma from the district, a student must successfully:

- Complete the required number of credits;
- Complete any locally required courses in addition to the courses mandated by the state; and
- Depending on the year in which the student is scheduled to graduate, pass a statewide exit-level exam or achieve the required cumulative scores on end-of-course (EOC) assessments.

The exit-level test, currently required for students in grade 11, covers English language arts, mathematics, science, and social studies and requires knowledge of Algebra I and Geometry; Biology and Integrated Chemistry and Physics; English III; and early American and United States History, World History, and World Geography. Students in grades 10 and 11 during the 2011–2012 school year must pass the exit-level test to graduate. A student in grade 12 who has not passed the exit-level test will have opportunities to retake it.

Also see **Standardized Testing** on page 71 for more information.

Beginning with students who enter grade 9 in the 2011–2012 school year, EOC assessments will be administered for the following courses and will replace the exit-level test as mentioned above: English I, English II, English III, Algebra I, Geometry, Algebra II, Biology, Chemistry, Physics, World Geography, World History, and United States History. Students graduating under the Minimum Program must take EOC assessments only for courses in which they are enrolled and for which there is an EOC assessment. Each student will be required to achieve certain scores on the applicable EOC assessments to graduate, depending on the graduation program in which the student is enrolled. A student who has not achieved sufficient scores on the EOC assessments to graduate will have opportunities to retake the assessments.

If a student fails to perform satisfactorily on an EOC assessment, the district will provide remediation to the student in the content area for which the performance standard was not met.

Also see **Grading Guidelines** above and **Standardized Testing** on page 71 for more information.

Page 49- From TASB Model

State law requires a student's score on an end-of-course (EOC) assessment to count as 15 percent of the student's final grade for the course.

Page 55- From TASB Model

HAZING

Hazing is defined as any intentional, knowing, or reckless act occurring on or off campus directed against a student that endangers the mental or physical health or the safety of a student for the purpose of pledging, being initiated to, affiliating with, holding office in, or maintaining membership in any organization whose members are or include other students.

Hazing will not be tolerated by the district. If an incident of hazing occurs, disciplinary consequences will be handled in accordance with the Student Code of Conduct. It is a criminal offense if a person engages in hazing; solicits, encourages, directs, aids, or attempts to aid another in hazing; or has firsthand knowledge of an incident of hazing being planned or having occurred and fails to report this to the principal or superintendent.

[Also see Bullying on page 22 and policies FFI and FNCC.]

Page 58- From TASB Model

School Health Advisory Council (SHAC)

During the preceding school year, the district's School Health Advisory Council held 4 meetings. Additional information regarding the district's School Health Advisory Council is available from the school nurse. [See also policies at BDF and EHAA.]

The duties of the SHAC range from recommending curriculum to developing strategies for integrating curriculum into a coordinated school health program encompassing school health services, counseling services, a safe and healthy school environment, recess recommendations, and employee wellness. See policies at BDF and EHAA.

[See **Removing a Student from Human Sexuality Instruction** on page 12 for additional information.]

Page 59- From TASB model

Physical Fitness Assessment

Annually, the district will conduct a physical fitness assessment of students in grades 3–12. At the end of the school year, a parent may submit a written request to the campus principal to obtain the results of his or her child's physical fitness assessment conducted during the school year.

LIMITED ENGLISH PROFICIENT STUDENTS

A student with limited English proficiency (LEP) is entitled to receive specialized services from the district. To determine whether the student qualifies for services, a Language Proficiency Assessment Committee (LPAC) will be formed, which will consist of both district personnel and at least one parent representative. The student's parent must consent to any services recommended by the LPAC for a LEP student.

In order to determine a student's level of proficiency in English, the LPAC will use information from a variety of assessments. If the student qualifies for services and once a level of proficiency has been established, the LPAC will then designate instructional accommodations or additional special programs the student will require to eventually become proficient at grade level work in English. Ongoing assessments will be conducted to determine a student's continued eligibility for the program.

The LPAC will also determine whether certain accommodations are necessary for any state-mandated assessments. The STAAR-L, as mentioned at Standardized Testing, below, may be administered to a LEP student. The Texas English Language Proficiency Assessment System (TELPAS) will also be administered to LEP students who qualify for services.

If a student is considered LEP and receives special education services because of a qualifying disability, the student's ARD committee will make these decisions.

Page 66- Added in TASB model

STANDARDIZED TESTING

SAT/ACT (Scholastic Aptitude Test and American College Test)

Many colleges require either the American College Test (ACT) or the Scholastic Aptitude Test (SAT) for admission. Students are encouraged to talk with the counselor early during their junior year to determine the appropriate exam to take; these exams are usually taken at the end of the junior year.

The ACT or SAT may be available at no cost to students. In addition, students in grades 8 and 10 may have the opportunity to take the corresponding preparation assessments at no charge. Please check with the counselor for details.

STAAR (State of Texas Assessments of Academic Readiness)

Grades 3–8

In addition to routine tests and other measures of achievement, students at certain grade levels will take state-mandated assessments, such as the STAAR, in the following subjects:

- Mathematics, annually in grades 3–8
- Reading, annually in grades 3–8
- Writing, including spelling and grammar, in grades 4 and 7

- Science in grades 5 and 8
- Social Studies in grade 8

Successful performance on the reading and math assessments in grades 5 and 8 is required by law in order for the student to be promoted to the next grade level. For the 2011–2012 school year only, this requirement will be waived. See **Promotion and Retention** on page 65 for additional information.

STAAR Modified and STAAR Alternate, for students receiving special education services, will be available for eligible students, as determined by the student’s ARD committee.

STAAR-L is a linguistically accommodated assessment that is available for certain limited English proficient (LEP) students, as determined by the student’s Language Proficiency Assessment Committee (LPAC).

End-of-Course (EOC) Assessments for Students in Grades 9–12

Beginning with ninth graders in the 2011–2012 school year, end-of-course (EOC) assessments will be administered for the following courses:

- Algebra I, Geometry, and Algebra II
- English I, English II, and English III
- Biology, Chemistry, and Physics
- World Geography, World History, and United States History

Satisfactory performance on the applicable assessments will be required for graduation and will also affect the plan under which the student may graduate.

Normally, there will be three testing windows during the year in which a student may take an EOC assessment, which will occur during the fall, spring, and summer months. For the 2011–2012 school year, however, there will be only the spring and summer administrations of the EOC assessments.

In each content area (English language arts, mathematics, science, and social studies), a student must achieve a cumulative score. To determine whether the student meets the cumulative score, the student’s EOC assessment scores in each content area will be added together. If the student’s total score on the assessments within the content area is not equal to or greater than the cumulative score set by TEA, the student may retake any of the assessments in that content area until the student achieves the cumulative score. A student who does not achieve the minimum required score on any individual assessment will be required to retake that assessment.

A student may choose to retake an EOC assessment in situations other than those listed above as well.

STAAR Modified and STAAR Alternate, for students receiving special education services, will be available for eligible students, as determined by the student’s ARD committee. These particular EOC assessments may have different testing windows than the general assessments, and the ARD committee will determine whether successful performance on the assessments will be required for graduation.

STAAR-L, which is a linguistically accommodated assessment, will be available for students who have been determined to be limited English proficient (LEP) and who require this type of testing accommodation.

Additional information will be provided to students and parents prior to the spring 2012 administrations.

Also see **Course Credit** on page 39, **Grading Guidelines** on page 50, and **Graduation** on page 50 for additional information.

TAKS (Texas Assessment of Knowledge and Skills)

TAKS is a state-mandated assessment currently being transitioned to the STAAR program. However, depending on the grade level of the student, TAKS may still be administered to a student.

For a student in grade 10 or 11 during the 2011–2012 school year, the student will be assessed with TAKS in the subject areas of mathematics, English/language arts, social studies, and science. The test at grade 11 is called “exit-level” TAKS, and satisfactory performance on this test is required for graduation.

Also see **Graduation** on page 50 for more information.

THEA (Texas Higher Education Assessment)

Prior to enrollment in a Texas public college or university, most students must take a standardized test, such as the Texas Higher Education Assessment [THEA]. The purpose of the THEA is to assess the reading, mathematics, and writing skills that entering freshmen-level students should have if they are to perform effectively in undergraduate certificate or degree programs in Texas public colleges and universities. This test may be required before a student enrolls in a dual-credit course offered through the district as well.

Page 69- Under Searches- Added by TASB

Electronic Devices

Use of district-owned equipment and its network systems is not private and will be monitored by the district. [See policy CQ for more information.]

Any searches of personal telecommunications or other personal electronic devices will be conducted in accordance with law, and the device may be confiscated in order to perform a lawful search. A confiscated device may be turned over to law enforcement to determine whether a crime has been committed.

[See policy FNF(LEGAL) for more information.]

Added to Glossary in TASB model and in BISS handbook.

EOC assessments are end-of-course tests, which are state-mandated, and are part of the STAAR program. Successful performance on EOC assessments will be required for graduation beginning with students in grade 9 during the 2011–2012 school year. These exams will be given in English I, English II, English III, Algebra I, Geometry, Algebra II, Biology, Chemistry, Physics, World Geography, World History, and United States History.

SHAC stands for School Health Advisory Council, a group of at least five members, a majority of whom must be parents, appointed by the school board to assist the district in ensuring that local community values and health issues are reflected in the district's health education instruction.

STAAR is the State of Texas Assessments of Academic Readiness, the state's system of standardized academic achievement assessments, effective beginning with certain students for the 2011–2012 school year.

STAAR Alternate is an alternative state-mandated assessment designed for students with severe cognitive disabilities receiving special education services who meet the participation requirements, as determined by the student's ARD committee.

STAAR Modified is an alternative state-mandated assessment based on modified achievement standards that is administered to eligible students receiving special education services, as determined by the student's ARD committee.

STAAR Linguistically Accommodated (STAAR L) is an alternative state-mandated assessment with linguistic accommodations designed for certain recent immigrant English language learners.

Code of Conduct Changes

Page 86- TASB add to similar statements in previous COC

- Send, post, or possess electronic messages that are abusive, obscene, sexually oriented, threatening, harassing, damaging to another's reputation, or illegal, including cyberbullying and "sexting," either on or off school property, if the conduct causes a substantial disruption to the educational environment.
- Use e-mail or Web sites to engage in or encourage illegal behavior or threaten school safety, including off school property if the conduct causes a substantial disruption to the educational environment.

Page 93- From TASB added term "aggravated robbery"

- Engages in conduct punishable as aggravated robbery or a felony listed under Title 5 (see glossary) of the Texas Penal Code when the conduct occurs off school property and not at a school-sponsored or school-related event and:

Page 94- Added in TASB Model

Coursework Notice

The parent or guardian of a student placed in DAEP shall be given written notice of the student's opportunity to complete coursework required for graduation, at no cost to the student. The notice shall include information regarding all methods available for completing the coursework.

Page 94- Added by TASB

The district shall administer the required pre- and post-assessments for students assigned to DAEP for a period of 90 days or longer in accordance with established district administrative procedures for administering other diagnostic or benchmark assessments.
