# Grades 11-12 2018-2024 AP Exam Participation & Score Detail

## Reflection

- ❖ In 2024 - 16 teachers offered AP extra help sessions
- ❖ Survey results indicated that students who attended these sessions, found it very helpful
- ❖ Extra sessions allowed focus on the curriculum during class time and test prep during the extra help sessions

## Action Plan

- ❖ Encourage increased student participation in AP classes, extra help sessions and AP testing
- ❖ Continue to offer AP extra help sessions for all courses

# SAT Targeted Areas of Growth

Evidenced Based Reading & Writing		Mathematics	
2023	2024	2023	2024
Ranked 13th in the state out of 137 CT high schools	<b>Ranked 10th in the state out of 137 CT high schools</b>	Ranked 9th in the state out of 137 CT high schools	<b>Ranked 6th in the state out of 137 CT high schools</b>
<u>Needs to Strengthen</u> Command of Evidence - 10% Words in Context - 7% Expression of Ideas - 9% Conventions of English - 15%	<u>Needs to Strengthen</u> Information & Ideas - 3% Craft & Structure - 5% Expression of Ideas - 12% Standard English Conventions - 15%	<u>Needs to Strengthen</u> Heart of Algebra - 5% Problem Solving - 12% Advanced Math - 14%	<u>Needs to Strengthen</u> Heart of Algebra - 6% Problem Solving & Data Analysis - 12% Geometry & Trig - 9% Advanced Math - 4%
Reflection & Action Plan		Reflection & Action Plan	
Focus on building strategies within the Expression of Ideas strand including topic development, organization and rhetorical analysis.	Continue to build strategies and resources to support growth in Expression of Ideas and Standard English Conventions.  Review and integrate College Board and Princeton review question samples into classes (these updated materials will support our work with the new SAT strands).	Students were exposed to SAT type questions weekly in all grade 9 - 11 mathematics courses.  DESMOS calculator embedded in math instruction to familiarize students with the features of the calculator as a tool and resource	Continue to build strategies and resources to support growth in Problem Solving & Data Analysis and Geometry & Trigonometry.  Continue to embed DESMOS calculator in instruction and assessments to provide opportunities for students to familiarize themselves on how to use the DESMOS calculator on the SAT.

## 2019-2024 Grades 6-8 SBA **ELA** - *Percent of Students at/above Goal*

	2019	2021	2022	2023	2024
<b>Grade 6</b>	70%	70%	75%	79%	82%
<b>Grade 7</b>	67%	70%	71%	78%	80%
<b>Grade 8</b>	55%	77%	62%	76%	78%

## ELA Priorities

- Collaborate with general and special education teachers to use available resources and instructional practices that provide differentiated instruction which meets the needs of all learners.
- Apply key literacy non-fiction reading/writing connections and strategies in our units as well as communicate to other content areas.
- Continue to use PLCs and coaching cycles to address instructional approaches.
- Expand vocabulary instructional practices, both in ELA and related content areas, as it relates to comprehension.

## 2019-2024 Grades 6-8 SBA Math - *Percent of Students at/above Goal*

	2019	2021	2022	2023	2024
Grade 6	64%	70%	81%	83%	81%
Grade 7	69%	72%	71%	81%	81%
Grade 8	52%	72%	62%	76%	76%

## Math Priority

### Concepts and Procedures:

- Use Looking at Student Work PLC protocols to identify specific math standards and targets to developing student understanding.
- Collaborate with math teachers and special education teachers to ensure concepts and procedures are strategically taught and assessed.
- 
- Continuously review curriculum to ensure that it is accessible to all students.
- 
- Provide professional development and coaching to assist teachers in developing student perseverance when learning new concepts.

2019-2024 Grades 8 **NGSS** - *Percent of Students at/above Goal*

	2019	2021	2022	2023	2024
Grade 8	50%	70%	63%	67%	63%

# NGSS DRG B Ranking: SCIENCE Grade 8

## *by % of students at level 3 & 4*

Polson Middle School

## Science Priorities

- Review science units to determine how each lesson aligns with the NGSS and update curriculum as needed.
- Analyze data to identify current strengths and weaknesses in grade 8. Develop an action plan with teachers to address the areas of concern.
- Identify resources to support nonfiction reading comprehension to expose students to NGSS style questions.

# Brown Intermediate School

## 2019-2024 Grades 4 & 5 SBA **ELA** - *Percent of Students at/above Goal*

	2019	2021	2022	2023	2024
<b>Grade 4</b>	74%	78%	75%	82%	85%
<b>Grade 5</b>	69%	75%	83%	80%	82%

Brown Intermediate School

## 2019-2024 Grades 4 & 5 SBA **Math** - *Percent of Students at/above Goal*

	2019	2021	2022	2023	2024
<b>Grade 4</b>	74%	72%	68%	81%	84%
<b>Grade 5</b>	61%	61%	71%	73%	78%

Brown Intermediate School

## ELA Priorities

- Professional development and coaching cycles related to small group instruction and differentiation.
- Preparing for a cohesive pre-k-5 school:
  - Apply key literacy non-fiction reading/writing connections and strategies in our units as well as communicate to other content areas.
  - Expand vocabulary instructional practices as it relates to comprehension.

## Math Priorities

- Implementing Building Thinking Classroom strategies particular the use of vertical boards and random grouping
- Engage students in solving rich problems that are low floor, high ceiling making them accessible to all learners
- Build student perseverance when solving problems independently

Brown Intermediate School

2019-2024 Grades 5 **NGSS** - *Percent of Students at/above Goal*

	2019	2021	2022	2023	2024
Grade 5	70%	73%	72%	76%	75%

Brown Intermediate School

# NGSS DRG B Ranking: SCIENCE Grade 5

*by % of students at level 3 & 4*

Brown Intermediate School

## Science/NGSS Priorities

- Audit each unit to determine alignment with NGSS.
- Identify deficits in units.
- Re-write Science curriculum, after audit, to support alignment with NGSS.

Elementary Schools

# ELA Priorities

## Writing & Research / Inquiry

Students can produce effective and well-grounded writing for a range of purposes and audiences. Student can engage in research and inquiry to investigate topics, and to analyze integrate, and present information.

- **Student writing** - targeted professional development focused on effective strategies teaching editing and revising at all levels.
- **PLC meetings** - continuous grade level PLC meetings devoted to the sharing of best practices in the teaching of editing and revising at all levels for both student independent transfer and improvement in the overall quality of completed students' written pieces.
- **Coaching cycles** - utilization of our coaches at all levels to support new learning in this area at PLC meetings and to demonstrate high quality support for both teacher and student growth.

# Math Priorities

## Communicating Reasoning

Students can clearly and precisely construct viable arguments to support their own reasoning and to critique the reasoning of others.

- **Student Writing and Oral Speech** - targeted professional development focused on effective writing strategies and techniques for effectively and efficiently “explaining our thinking.” Continued implementation of vertical boards and math forums to increase student discourse around mathematical thinking.
- **PLC meetings** - continuous grade level PLC meetings focused on the sharing of best practices in the teaching of writing to an audience to explain our thinking in mathematics. Using authentic student work to identify exemplars and provide rubrics for students to use for independent transfer and improvement.
- **Coaching cycles:** utilization of our coaches at all levels to support new learning in this area at PLC meetings and to demonstrate high quality support for both teacher and student growth.
