SUBJECT: Board Presentation - School Counseling Program

The Student Services Department supports the academic, social, emotional and physical growth of all students in the Weber School District. The team's responsibilities are vast and include: school counseling, programs for at-risk students, comprehensive guidance activities, substance abuse and prevention programs, school nursing services, support groups and crisis management.

Joanna Mulert, a Student Services Coordinator, will highlight the work of school counselors and will illustrate the many ways in which they serve our students. She will also detail the *School Counseling Program Model* as a continual process for designing, planning, implementing, evaluating and enhancing the school counseling program.

Please turn the time directly to Joanna Mulert.
