INFORMATION ITEM SHEET

RE: Presentation by Administration highlighting completed projects and those underway and nearing completion under the Bond 2019 district construction program.

Supporting Documents:

1. *PowerPoint Presentation*

District Goals*: Goal 5

Goal 5: FACILITIES & MAINTENANCE- By 2026, Manor ISD will proactively provide facilities to ensure 100% of scholars will have safe, well-maintained, environmentally sustainable, and community accessible facilities.

Bottom of Form

Background Information:

The Bond 2019 initiative was a district-wide effort to enhance educational facilities, infrastructure, technology, and athletic amenities. Key projects include the construction of new campuses like Manor Rise Academy (K-8), the Early College addition to Manor High School Complex, and Wildhorse Elementary School. Athletic improvements feature new/renovated baseball/softball complexes, tennis courts, gyms, and multipurpose facilities at both High Schools. Infrastructure upgrades include a new transportation facility, road improvements, parking lots, fencing, and the addition of new buses and fleet vehicles.

In addition to new construction, the bond funds essential renovations such as food service and flooring upgrades, roof replacements, and mechanical system improvements like HVAC and electrical systems. Technology and security enhancements include updated security cameras, network infrastructure, PA systems, secure vestibules, and new student and staff devices. Sports facilities have also been expanded with new turf fields, track and field event spaces, playgrounds, and shade structures, ensuring modernized, safe, and supportive environments for students and staff.

Fiscal Implications:

None. This is an informational update only.

Administrative Recommendation:

None. This is an informational update only.
