Derby High School

Class Act Council

The CIAC's *Class Act Schools* initiative is designed to empower schools and particularly students to take ownership for all issues related to sportsmanship within the athletics department. Schools will have the opportunity to opt-in as an official Class Act School. Doing so includes striving to follow an established set of guidelines for behavior at sporting events, and creating a student-led group to monitor and address sportsmanship concerns within the school. The CIAC will serve as the sponsor for the program, which aims to provide a framework enabling schools to promote, encourage, and monitor positive sportsmanship within their departments.
