Re: Annual Mystery Science Curriculum Renewal

The Teaching and Learning department annually purchases materials, digital licenses, and instructional professional development in support of the approved Rock Island-Milan School District curriculum. The digital components are the online teacher and/or student access to the curriculum as well as intervention materials for math, reading, and science.

The Rock Island Milan School district utilizes the Mystery Science curriculum, from Discovery Education as its primary science curriculum for students in grades Kindergarten through 5th grade. Mystery Science is a standards based curriculum that stresses innovations, hands-on learning, and phenomena-driven instruction for students.

It is recommended that the Board of Education approve the purchase of curriculum materials and digital licenses at a total cost of (\$15,255.00) from Mystery Science % Discovery Education, Inc. PO Box 745873, Atlanta, GA 30374-5973.

Investment Period: July 1, 2025 - June 30, 2026
Total Investment: \$15,255.00
