**TASB Policy Update 110 &
Policy CE (Local) Annual Operating Budget**

Purpose of Report

Update 110 focuses on updating and reorganizing several policies in the BB series of the policy manual addressing board member eligibility and qualifications, elections, and vacancies and removal from office. The policy on board elections has been divided into several codes for ease of use, and district choices about election processes are now located in BBB(LOCAL) rather than in the LEGAL policies to better match the structure of the other policies in the manual. CCA, addressing bond elections, and CPAB, addressing political advertising, were also updated as part of the elections review. In addition to these changes, Update 110 includes several other policies affected by legislation from the 85th Legislative Session that were not included in Update 109.

In the District's efforts to stay consistent with District practices and current terminology the Administrative Services department is requesting changes to CE (Local). (see attached)

Operational Impact

These policies guide the District's operation and protect the rights of employees and students. Careful consideration should be given to each policy.

Results

Over the next several weeks, a first and second reading of this policy will be held. Policies will be adopted at the second reading.
