 - Family engagement
- Target population
 - Grades 2-12

Update on Goals

Goal 1. Provide Prevention education, activities and awareness for the schools and community. Spookinaapi team made the initial introduction into the class rooms, met with the administrators to schedule time in the classrooms to introduce prevention strategies

Goal 2. Continue to serve caseload in each building and provide access to Mental Health services. Spookinaapi team will continue serving their case load and provide Mental Health Services.

Goal 3. Establish a mentoring program for each building and target at-risk students. The Spookinaapi team will develop a mentoring program in each building to target at-risk students.

Current Projects:

Each Spookinaapi Specialist developed a google class room for their students to provide prevention services, they also contracted their case load of tier 2 students through email and phone calls. Their activities include simple exercises, games they can do at home and curriculum pages sent to students in their google classroom.

The Spookinaapi coordinator and staff are registering and participating on prevention webinars. The coordinator is continuing entering data in the SPARS data base and submitted the report to the SAMHSA GPO, participating in on-line zoom community meetings and google hang outs with staff. The Spookinaapi staff has implemented the drug and alcohol assessment to the Middle School and High School, the coordinator will be administering the assessment to the Heart Butte High School and Middle school. The assessment will be the Spookinaapi programs base line. Spookinaapi coordinator has providing training to the staff on screening

process/contract tracing of Covid-19. Each specialist is providing Covid-19 prevention education.
