Subject: **FDA(LOCAL): Admissions – Interdistrict Transfers**

---

MISD Board of Trustees: February 17, 2026

Agenda Item – 9A5

### **Background Information**

Currently, FDA(LOCAL) states the district shall charge tuition and the amount shall be annually set by the Board. At the November 2025 Board Meeting, one of the recommendations of the M&O Budget Alignment 2026-2027 presentation was to remove the transfer fee for out of district transfers. In order to remove the fee, FDA(LOCAL) must be amended. Students must still meet transfer requirements outlined in FDA(LOCAL) but there will no longer be a transfer fee beginning with the 26-27 school year.

### **Fiscal implications**

The district will lose the out of district transfer fee of \$1,000 per student but we anticipate an increase in the number of out of district transfers to offset this cost.

### **Administration Recommendation**

Administration recommends approving the updated FDA(LOCAL) with the changes made by TASB.
