

Minico High School would like to increase the activity card fee from \$35.00 to \$40.00. The raise is minimal and spread across the majority of the student body. Based on 670 students buying an activity card, the 5.00 increase would generate 3350.00 in revenue for the activities/athletic budget. As you know the funds are short and this increase would be a boost to the budget.

Thanks, Kelly
