

**BOARD OF EDUCATION
BEEVILLE INDEPENDENT SCHOOL DISTRICT**

Date: June 17, 2008

Subject: Campus Student Handbooks

Submitted By: Mrs. Jones

INFORMATION

Information: The Beeville ISD campus handbooks have been revised. There are very few changes from last year. The main change is to keep the format for all of the handbooks in the TASB model and follow the legal language they provide. The board does not need to approve these handbooks, but they are available for review. To download and review these, go to <http://dc.beevilleisd.net/board.htm>. If you want a paper copy of these documents, please contact Nancy Jones.

Additional changes may be forthcoming from TASB, based on the recent legislative session. If changes do come about, they will be added to the handbooks before printing or an addendum to the handbook will be printed for students and parents.
