

Technology Report

June, 2014

This month the Technology Department worked on the following projects:

- Assisted OHS with Baccalaureate and graduation.
- Collected all the Acer student machines checked out last fall.
- Collected technology equipment from teachers leaving the district.
- Assisted in installing a new copier at OMS.
- Replaced the main switch at OMS Gym that provides connectivity to OMS Gym and ISS.
- Assisted in getting summer school underway, installing programs at OES.
- We are now in the process of updating all the student and classroom computers in the district (with the exception of the 2 new labs at OMS), installing Windows 8.1 and Office 2013 on them. This process should be completed before school starts this fall.
