With only days to go until the start of the Joint Annual Conference, IASB is passing along a few updates and reminders to ensure you have a positive Conference experience.

When you arrive at Conference later this week, know that health and safety are a top priority. All guests must adhere to the health and safety requirements in place. IASB has posted helpful information on [what you can expect upon arrival](#).

For first-time attendees or those that need a reorientation to the Annual Conference, a [30-minute video](#) that covers Conference features, tips for planning your agenda, and the latest information on health and safety protocols has been posted.

The app includes a searchable schedule with presenters, panel descriptions, session times, and room locations. Attendees may want to utilize the [Online Conference Planner](#) to create and personalize their own schedule before arriving at the event. Sessions can be sorted by type, venue, or date and be added to a personal agenda that can be accessed via the Conference App.

[Handouts](#) for a number of panel sessions are posted online. To view the online handouts, IASB members will be prompted to log in to their member account. Handouts will continue to be added and remain available until February 2022.
