## Principal Misner's Message.....

Now that Spring Break 2015 is history, we at North Valley will focus on our main mission: providing excellent lessons and teaching that provide our students with multiple opportunities for success. The end of the third quarter is April 9 and parent conferences are on April 15 and 16. Your parental attention to and care for the academic performance of your child/children makes an active partnering that promotes student achievement.

Our teacher's work at North Valley centers on providing well-planned lessons that meet the learning needs of our students. This month we are implementing Smarter Balanced Assessments to replace OAKS (Oregon Assessment of Skills and Knowledge.) All juniors will be tested in language arts and math skills as required by Oregon law. Our goal is to have 95% of our juniors to do an excellent effort on these tests. Student performance on these tests is the primary way for students to demonstrate personal proficiency in the Oregon Essential Skills so they can achieve good standing for graduation.

I will attempt to answer any questions you have about our curriculum and assessment responsibilities. You may email or call me at school

Two major academic events are happening in the next few weeks:

1. Free Design will be presenting their annual spring show: "M.O.P." on April 17, 18, 19, 24 and 25. This student created show is the capstone project for our advanced music students. I hope you will plan on seeing the show at least once.
2. The annual Academic Masters Competition will be hosted by Illinois Valley High School on April 29<sup>th</sup> at 6:30 pm in Cave Junction. Our team of 5 of our best in Math, Science, Music, Social Studies and English will compete with the other 3 high schools in Josephine County. You will be amazed at the high quality performances. Please join me in supporting our students.

Our spring sports schedule is well underway and our student-athletes appreciate a North Valley fan base. Track and Field, Softball, Baseball, Tennis and Golf provide many opportunities for our students to learn about competition and the effort and focus it takes to produce top quality performances.

Our end of the year celebrations will include a revisit to the Breakfast of Champions and Graduation on June 2<sup>nd</sup>. We want to honor students who achieve well in all classes and our seniors will love having you attend their graduation. We invite you to check our webpage often as all the upcoming events for our school will be posted on the page as it comes up. We also have our daily bulletin posted on the webpage. Thank you for participating in your student's education. Have a wonderful spring!
