Campus Updates

Enrollment:

Enrollment continues to decline due to students meeting graduation requirements and completing STAAR testing. We are expecting a record number of graduates this year.

Educational Objectives and Student Goals:

We are awaiting STAAR results. Summer school plans are being finalized. We will have Mr. and Mrs. Vlasin back to conduct ELA seminars which will focus on short answer responses.

Advisory Groups: Our improvement meeting with Mr. Al Cogburn will take place on 14 May, 2015.
