

SCHOOL BOARD MEETING REPORT

Board Meeting Date: 2/13/2012

Agenda #

Staff/Administrator: L. Schiermeyer/J. Bethany

Superintendent: Dan Huber-Kantola

Type of Item: Informational Action

Please state your proposal briefly and clearly. What do you want the board to know, discuss, or decide?

I would like to attend a three day workshop March 6-9, 2012 in Washington that presents evidence based interventions for struggling students in reading, writing, and math.

Provide history/background information on your proposal.

I am looking for new strategies to help students with disabilities progress in reading, writing, and math. With the addition of the graduation requirements for essential skills in this area, learning new strategies to help these students will help me get more students to that level.

List the advantages of your proposal:

Support students with disabilities
Be a resource for general education teachers who have students that are struggling. Costs will be paid by the school's Title One professional development fund.

List possible disadvantages of your proposal:

Will need a substitute while out of my classroom

List possible alternatives that could also offer a solution to your proposal. Why were they not recommended?

Wait for a workshops closer to Southern Oregon. However, workshops of this caliber are normally held in larger, more metropolitan areas.

Superintendent's recommendation(s):

Approve: Yes No
