Re: Bid and Purchase requests

It is necessary to renew our Multi-Factor Authentication (MFA) licenses for all Weber School District employees. Multi-Factor Authentication significantly increase the security and protection of Weber School District's Network, Servers and Databases. Funds for this purchase are from regular operating budgets. The prices listed are below NASPO/State Contract price.

I am requesting board approval for the following:

Duo Multi Factor Authentication – Not to exceed \$62,000

- (4700) Duo Access Licenses for all staff

Thank you for your consideration of this acquisition. District procurement guidelines will be followed. These items are important to the safe, reliable and secure operation of our school networks. I appreciate your continued support of technology in the district. If I can provide you with further clarification or answers to questions, please contact me at 801-476-7977.

Thank you.
