This week's return saw several absences for the first two days (one district out and snow), however, by the end of the week our numbers normalized to approximately 90% attendance. Our attendance team met, and our coordinator and school counselor did several home visits. Research continues to show chronic absenteeism is a problem across the state and country.

COSSA Academy will continue to focus on absenteeism and attendance to serve our students best academically by being present and minimize the impact of ADA funding.

Academics

In our teacher meeting we agreed to utilize our Advisory classes to review STAR data with each student and to send those reports home. We believe this increased emphasis will encourage our students to test more accurately through recognition and greater overall awareness. Recognizing and celebrating growth will be an area of focus.
