Commissioners,

I am requesting a budget increase in the amount of \$2,374.00 to line item 101-426-704.000, EOC Support, to cover the remainder of the payroll expense for administrative assistance in the Emergency Operations Center during Alpena County's initial response activities to the ice storm. Details are attached.

Thank you for your consideration. I look forward to answering any questions you may have.
