

Positive Happenings Forest Lake Area Schools Community Education—Adult Lifelong Learning September 2014

Who are Adult Lifelong Learning Participants?

Based on information available from the Community Education on-line registration program, these charts tell us a little bit about the participants in the Adult Lifelong Learning program.

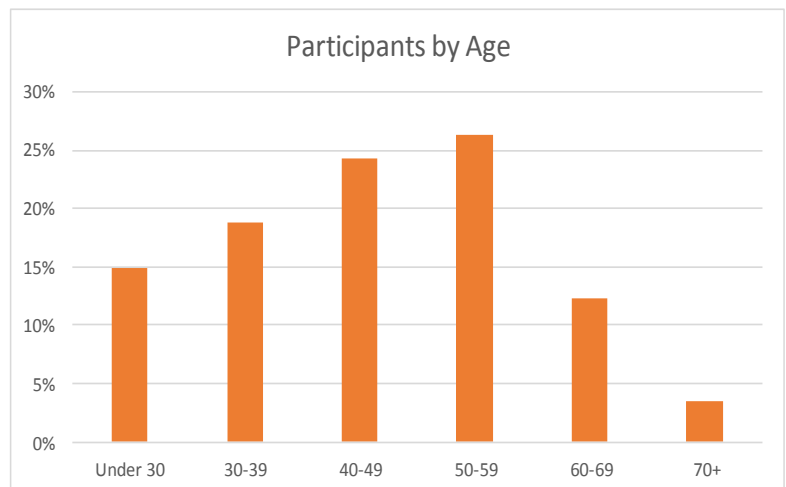

Over 50% of participants in Adult Lifelong Learning have a Forest Lake mailing address.

The “Other” category includes residents of over 30 communities including northern suburbs of both Minneapolis and St. Paul as well as communities in western Wisconsin.

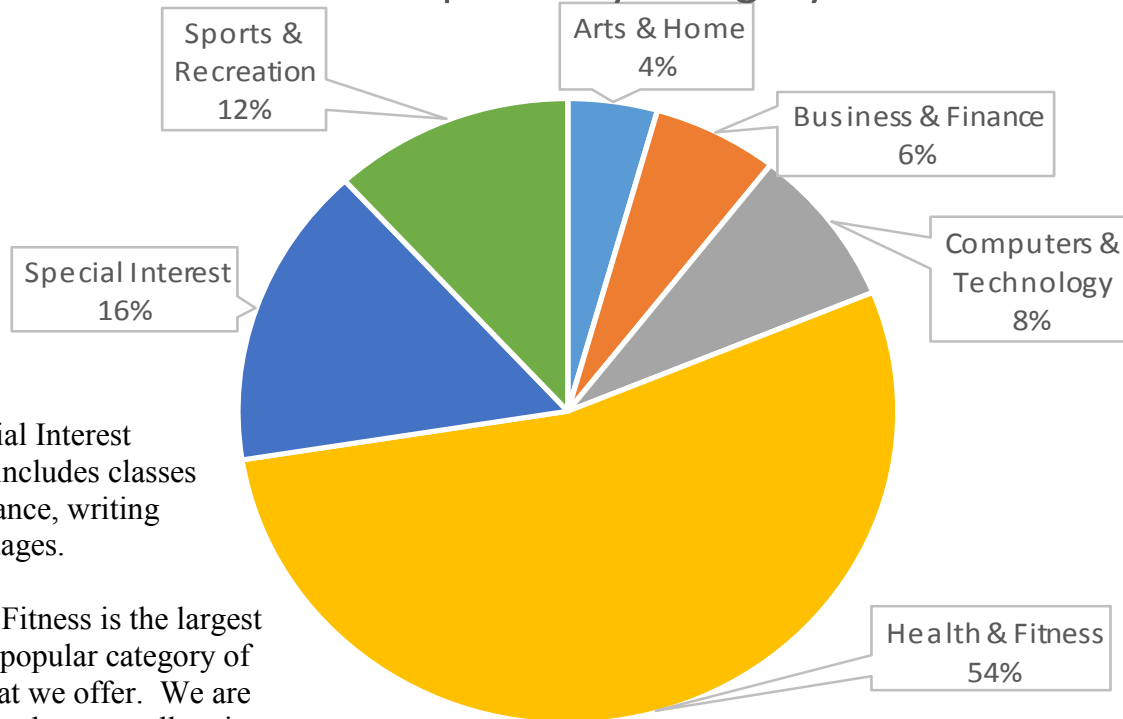

Registrations show that approximately 68% of Adult Lifelong Learning participants are female. While women outnumber men in most classes, a few classes including Co-ed Volleyball, Competitive Table Tennis and Men’s Basketball are predominantly made up of male participants.

The on-line registration program does not require participants to include their date of birth. Many adults choose to not include it, therefore this chart is based on approximately 40% of adult participants from Fall 2013 through Summer 2014.

Community Education - Adult Lifelong Learning

Participation by Category

The Special Interest category includes classes such as dance, writing and languages.

Health & Fitness is the largest and most popular category of classes that we offer. We are fortunate to have excellent instructors who keep participants engaged.

Comments from Adult Lifelong Learning participants:

About Community Ed:

Thank you Community Ed for providing such a wide variety of opportunities. Lynn

Always enjoy Community Ed classes and I keep coming back. T.

About Community Ed Classes and Instructors:

Really a great, fun, interesting class. Learned some, had fun, made friends. Chilton

He was so patient with the students and took time to make sure everyone was comfortable. Andrea

Outstanding instructor and class experience! Lynnette

I was very happy with the outcome of my classes. Instructor is very professional and very knowledgeable. I highly recommend her. Steve
