Two-Sided Approach

Campus Wide Support

1. Staff will have the opportunity to attend training in high yield teaching strategies that promote College and Career Readiness.
2. Campus administration receives training to enhance the campus environment systemically, so every student is on track toward college or/a career.

Elective

1. Elective class recruits students who have the cognitive ability and desire to participate in Advanced Placement classes.
2. Students in the elective become part of a team that is focused on providing not only academic support, but also guidance and encouragement along the way.
