Babb Elementary School Board Report

Enrollment: Grades K-2: 10 students

Grades 3-6: 12 students TOTAL: 22 Students

Student Attendance: K: 90% 3: 92%

1: 78% 4: 92% 2: 86% 5: 83% 6: 87%

TOTAL: 87%

PERFECT ATTENDANCE FOR FEBRUARY: 1 STUDENT

Dropped students: 3 (2 - TRANSFER TO BROWNING, 1 – transfer to Kansas?)

Court Referrals: 0

Behavior Referrals: 0

Home Visits: 0

Staff Attendance: Certified – 99.92%

Classified - 99.89%

Upcoming Dates: March 6 – MBI

March 7 – JOM/PTO

March 10 – Daylight Savings March 12 – Family Literature

K-2 Classroom: J. Fenner

Greetings from Ms. Fenner's Classroom. During the month of February. We had fun experimenting with the different forms of matter. The students had learned about the different forms of matter during science, so we decided to do an experiment with rock candy. The students learned that the rock candy started as liquid and over days had formed into a solid matter due to the heat, which turned the sugar and water into a syrup that began to stick to the sugar on a wooden stick placed in the syrup. Each day they would record the changes they had observed in the formation of the crystalized sugar. The excitement the students expressed was very satisfying. In the end some students were disappointed that their candy was not quite as large as it appeared in the glass jar, but overall they had fun learning and enjoyed the sweet taste of their efforts.

3-6 Classroom: S. Weekes

Other than the cold weather, February went really well. We studied Presidents and did reports on them. On Valentines day we had a party in the afternoon. Lots of cards and candy. We experimented with milk, food coloring and dish soap. It was very interesting. Boys basketball started and the Babb Mustangs won their first game. It was very exciting
