

April 30, 2026

Dear Dr. Andrew Wise:

I am writing to formally announce my resignation from my role as Speech-Language Pathologist at Center Cass School District 66, effective Thursday, May 14, 2026. This sudden decision was made out of an unexpected early start date for an opportunity I have decided to accept. I recognize that my resignation may be inconvenient at such a busy time of year, and I will work diligently to complete my final obligations before my departure.

I wanted to take the time to share how grateful I am to have been not only an employee at CCSD66, but also a team member. These past two years, I have had the privilege to work alongside and collaborate with some of the most competent professionals I have met so far. They have been an incredible example of what it means to be passionate about what you do while always putting the needs of our students first.

It is the students that I would like to ultimately acknowledge. They are our “why.” While I have been tasked with helping them grow, in some ways, I believe they have taught me even more. I am forever indebted to them for the ways they have shaped me not only as a speech-language pathologist, but as a human. I will miss serving our little hearts dearly.

Please let me know how I can be of any assistance during this transitional time. Thank you for giving me the opportunity to be part of such an indispensable and worthy mission.

Sincerely,

Caroline Baginski
