**Re:** High School Principal Report October, 2017

---

We are closing in on the end of the 1<sup>st</sup> quarter. This past month we completed the first round of MAP testing. This being the second year of MAP testing we are able to start better identifying areas to focus in on as well as areas of strength. Currently we are implementing reviews within our Advisory times to try and fill in some of our current gaps. We are still in conversation as a staff about the best possible strategies to use in addressing our needs and deficits. Currently Kahn Academy is looking like a possible avenue in addressing each student individually as it creates prescriptions based off of their MAP scores.
