

# **TRANSPORTATION BOARD REPORT FOR MAY 2018**

**SUBMITTED BY: WAYNE HALL**

We are still short on bus driver's and the driver's that are available been having to double up on some of the routes to accommodate all the bus students and they been really patient and understanding about the situation.

We took the district vehicle #274 to Cutbank Tire to get an alignment for it. We took bus#237 to Cutbank to get the codes reset and the pressure release repaired it was at Northern Ford. This bus is now back on its route.

We been busy with the end of the year trips trying to accommodate the schools and teachers that have changing their trip times and days or last minute trips that come up.

One of our trip bus blew a hose and our mechanics showed up and replaced to the hose so the Band could continue on their way to Helena.

We had 2 Removals so far this month and 13 write-ups for the month of May. From May 1, 2018 to May 15, 2018.

We had a total of 73 activity trips for the month of May. This concludes our report.
