**MEMORANDUM**

June 6, 2012

**TO:** Members of the MVSEC Executive Advisory Board

**FROM:** Carla Cumblad, Executive Director

**RE:** Revised Board Policies

On June 6, you will be asked to approve revisions to existing Board policy. The revisions are the suggested changes from the Press Service that have been enacted during the course of the year. I wanted to complete the original first set before I brought changes to you. Some changes are due to recent legislation, but the great majority are updates from the scheduled five-year review of policies. Most are changes in legal references.

These policies have been reviewed by committee and sent to staff for comment. No comments were received.
